Additional Comments or Features

1. The K'teya Center should be flexible and adaptable based on grant funding
2. A place for positive engagement - Native Youth Olympics (NYO)
3. Connection place with culture in a modern setting
4. A place to draw youth, especially male youth to create a space for engagement and opportunity to build trust for other CITC services
5. Potential for after-school program utilizing gymnasium and adjacent flexible areas of building for youth programs
6. Durable, low-maintenance and easy to clean finishes
7. HVAC and ventilation is important
8. The overall facility size may be adjusted based on available funding
9. Maximize use of lot and building
10. No changing area/lockers in this building
11. "Wow" factor
12. Opportunities for cultural murals, timeline for NYO, and artwork display throughout the building
13. Visually connected to other structures on the campus - love the Juneau downtown area with a strong visual story of culture and identity
14. Opportunities for cultural murals and artwork display throughout the building
15. Dena-ina cultural connection to land
16. Use of color and wayfinding
17. Elders and Youth will use this center interchangeably
